Moscow- I certainly hope that none of you warmongers held your breath; on sece
 ond thought, maybe Johnson should have!

1972 Igotrip Press

Liverpool- This sure is going to last a long time isn't it? If it for some
 inexplicable reason lasts longer than this fall, I propose we call
 for another shot at the concession.

Berlin- amidst riots in the streets and a nation-wide strike (along with a de-
 cline in morality), the Kaiser, in this well protected Oval Office,
 has declined to answer the pressures of the home front and has issued
 a policy statement about the foreign war. "I am going to issue a pol-
 icy statement about the foreign war," the Kaiser stated, "and I am not

going to answer the pressures of the home front."

Later in his speech (sounding tearful and not feigning any inhibitions), the Kaiser made it clear that if Germany is not conceded the game nor can he win by acquiring territory in the Southern regions of Europe, he will be forced to order units into England to wipe out Mr. Cusack. This is not in the master plan (so to speak)....Germany does not wish to eliminate anyone. If anyone is eliminated, it is the fault of anyone who did not vote to concede the game to Germany. Are you listenin' there Austria, Italy, Russia, and Turkey??

Guelph-let's get some GOO press releases in this next move!!!

LEGION

GREEKS SPOT GR'S MISTAKE; REPRESENT HIM
SEVERELY! ROMANS ARE RAPPING!!

PHASE 2, 246 B.C.
PHASE 1, 245 B.C.

1972 Side

246 B.C.-PHASE 2

After looking over the rules a couple of times since the last moves, I have decided that neither Rome, nor Greece must remove units. So be it! Also, no one placed there economic factors, so, this is an extremely simple typing job (if I could only spell!).

245 B.C.-PHASE 1

ROME: (Greenwell?) (Mitt) a's gaul, aquitane, switzerland, f's rome cc, naples, cannes, marseilles; all hold (nc)

EGYPT: (Walker) f upper egypt-red sea, f persia h, f lower egypt s SYRIA f crete-minoan sea (ISO), f cyrenia s f lower egypt (nc).

SYRIA: (Leeder) a babylon-persia, f sumer h, a palestine-trans-jordan, a sinai-lower egypt, f cilicia-eastern mediterranean, f minoan sea s f cilicia-eastern mediterranean, a cappadocia-asia.

GREEKS: (Bennett) f adriatic-etruscan, f macedonia-adriatic, f's illyrin and central med. s f macedonia-adriatic, a dacia h, f aegaeon s f central med., f crete s f central med., f sparta s f macedonia-

adriatic.

CARTHAGE: (Morgen) f central med. R-western med., a tripoli h, a carthage s a tripoli, f sicily h, f english sea-open sea, f western med. s f sicily.

-ALL RIGHT! THAT DOES IT! After consulting a second party with the rules I have decided upon the following things.

- (a) For every two ~~provinces~~ provinces owned, one economic fac. is given to the player.
- (b) Hostile centres ~~can~~ have ec. facs. placed in them before they can supply a military unit!
- (c) For every three stepped up friendly centres, one unit is supplied.

-Thus, the original diagnosis was, in fact correct, but although both Rome and Greece were to remove units this turn, I will allow them to remain (for this past turn only).

-Will anyone out there who has the rules to Legion, please submit standby orders for come!?

Supply Centres:

ROME: ROMES*, APLES, CARTHAGE*, Switzerland, SAUL*, ~~ROMULUS~~, MARSEILLE*,
Place 1*, Remove 4
EGYPT: LOWER EGYPT*, UPPER EGYPT*, CYRENEA, PACHIA, Even
SYRIA: CILICIA*, SYRIA*, ASSYRIA*, SUDAN*, PULESTINE, ASI, ~~PHOENICIA~~, phoenicia,
transjordan, sinai, babylon, cappadocia. Place 1*, Even.
GREECE: MACEDONIA*, ATHENS, SPARTAN*, THEBES*, AEGEAN*, ILLYRIA, DACIA*, CRET*, PERUS-
CA. Place 1*, Even
CARTHAGE: INDIA*, CARTHAGE*, SICILY*, IBEROCCO, sahara, tripoli. Even

-note that the syrian province of sinai has no ec. fac. in it. This is because the Syrian has changed the army there into a fleet. Inso doing, the ec. fac. was sacrificed.

-245 Phase 2, and 244 Phase 1 moves are due on Sat., Dec. 1st, 1973.

Well, that's it for this issue. Next time we'll have the answers to QUITZ

OH HELL!!! CRIMOI

Press from 1972 Alldu

Cairo- The Pharaoh made a unique discovery, today, that could put Egypt back into the war against Syria. Not wishing to give any information to the enemy, he commented no further, however Egypt's future hangs in the balance, and it is hoped the Pharaoh will succeed.

Damascus- Herob the Crafty, King of Syria, reaffirms his promise not to interfere in the affairs of Europe. He also reaffirms his promise to x crush the foul, degenerate, Dragon-denying, night shadowed, scorpion of an Egypt.

Suez- Judas the Cruel reports that he has completed the agonizing task of constructing a fleet on the South Coast of Sinai. Ever try building ships out of sand ? ((No, but I once knew a guy who used bananas...))

Babylon- O Ancient Gods, hear our prayer and deliver your province of Persia out of the hands of the infidel aggressor, unto your true worshippers!

Somewhere on the end of a hooka pipe- What can I say, really?
